Welcome Message

At Pan-American International Company Limited, we are committed to strengthening the commercial bridge between Guatemala and Taiwan. Our work combines experience, trust, and deep market understanding to create opportunities that benefit producers, buyers, and long-term partners across both regions.

As a commercial agent, we specialize in connecting high-quality Guatemalan products, especially commercial grade and specialty coffee, with the Taiwanese market, ensuring smooth coordination across sourcing, quality control, and export requirements. At the same time, we support companies seeking to enter the Guatemalan market through reliable export/import consulting, logistics planning, and on-the-ground local representation.

Our mission is simple:

to make international trade accessible, transparent, and mutually profitable.

Thank you for being part of this journey and for trusting Pan-American as your link between two markets full of opportunity.

Company History

Pan-American International Company Limited was established with a clear mission: to build a reliable commercial bridge between Guatemala and Taiwan. What began as a focused trade initiative quickly evolved into a specialized operation connecting producers, exporters, and importers across both markets.

Since its inception, Pan-American has built strong relationships with farmers, cooperatives, and exporters in Guatemala—especially in the specialty coffee sector. This foundation allows us to support Taiwanese companies seeking high-quality origins while guiding Guatemalan partners through the complexities of exporting to Asia.

Today, we operate as a trusted commercial agent and trade consultant, providing product sourcing, export/import coordination, and end-to-end support across logistics, compliance, and market development. Our commitment remains the same: creating transparent, efficient, and mutually beneficial trade opportunities between two regions rich in potential.
